35 cm (14") reduced kickback guide bar and chain

3-year warranty

CS1200 Electric Chainsaw

The Oregon CS1200 Electric Chainsaw is ideal for light- and medium-duty cutting applications around the home. Equipped with an 1800 watt motor, it delivers constant power for demanding cuts. Limited down time required to retension the chain with the tool-less chain tensioning. You simply turn the tensioning knob to maintain an optimal tension of your chain. An automatic oiling system keeps components lubricated for less wear.
